

modern combination of materials

The IDEA series is the absolute solution for educational rooms and auditoriums. It can also be used for other applications (e.g. sports stadiums). Modern and timeless covers even the future needs! Combining modern materials like steel and aluminium with classics like wood and fabric creates ergonomic systems for long lasting events or work.

Placed either on steps or on flat rooms gives always an amazing result.

Modern design

Steel frame

Ideal also for sports stadiums

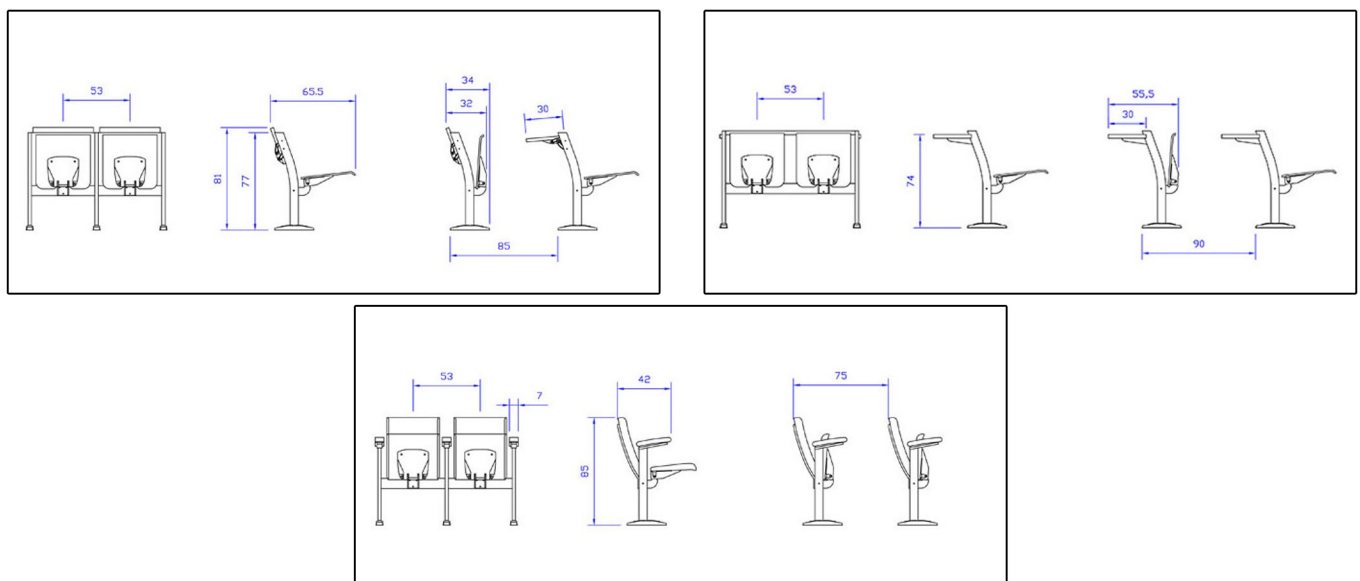

Ideal for teaching rooms
